The Group of Mathematical Physics of the University of Lisbon, Portugal, invites applications for a research post-doctoral position in Mathematics within the scope of the Portuguese Science Foundation project "PDE and probability in Mathematical Physics" (PTDC/MAT/120354/2010). The position 6 months, starting the 1 August 2014.

Post Doctoral Position

The Group of Mathematical Physics of the University of Lisbon, a research unit of the Faculdade de Ciências da Universidade de Lisboa Portugal, invites applications for a research post-doctoral positions in Mathematics within the scope of the following Portuguese Science Foundation project:

“PDE and probability in Mathematical Physics”
(PTDC/MAT/120354/2010)

The position is for 6 months, starting the 1 August 2014. No possibility of extension.

There are no teaching duties associated with the position.

Applicants should have a Ph.D. in Mathematics (or equivalent) obtained preferably after January 1, 2011, and must show very strong research promise in one of the relevant areas for the project:

- Probability and Stochastic Analysis;
- Probabilistic methods in PDE;
- Mathematical Physics.

The fellowship amounts to € 1495/month, according to table of values for the scholarships awarded directly by the FCT, IP. (<http://www.fct.pt/apoios/bolsas/valores>). The grant holder will have a personal accident insurance.

Candidates will be assessed by the quality of their CV (50%), proximity between the work plan and the objectives of the project (30%) and letter of motivation and Skype interview (20%).

Please send a curriculum vitae, reprints, preprints and a research statement (of no more than 1,000 words) to:
